**RE: Jasper Interconnection Project – Project Update**

---

Dear Stakeholder,

ATCO Electric Ltd. (ATCO Electric) would like to provide you with updated on the project status and timelines.

Recently, ATCO Electric received approvals from both the Alberta Utilities Commission (AUC) and Parks Canada Agency (Parks Canada) to construct and operate the proposed 45 km 69-kV transmission line within Jasper National Park. The AUC approval was issued in May 2018, by Decision 22125-D01-2018. Parks Canada issued their approval by a Record of Determination in June 2018.

With the regulatory approvals in place, ATCO Electric is preparing for the construction phase of the project. Construction is scheduled to commence in August 2018 and continue to May 2019. The facilities are to be completed and operating by May 2019. Please note that timing and details may be adjusted as activities are finalized.

If you have any questions or concerns regarding this project, please contact me at your earliest convenience.

Sincerely,

A handwritten signature in blue ink, appearing to read "L Bawol".
