

SOLAR IN YOUR COMMUNITY

ATCO

SOLAR IN YOUR COMMUNITY

When you partner with ATCO, you're partnering with an industry leader who can build the best solutions for your solar needs today and into the future.

SOLAR POWER THAT FITS YOUR NEEDS

The solar industry is rapidly evolving and it's here to stay. With our approach to evaluation and investment in quality products, you can count on us to deliver hardware that's right for you and your business. We offer a wide range of customizable solar solutions:

- Commercial rooftop solar
- Community-scale, ground-based solar
- Vertical wall mount solar
- LED solar street lights
- Solar facilities for large pieces of land

HOW SOLAR AND ATCO WORK FOR YOU

- Lower maintenance costs
- Offset electricity costs
- Reduced carbon footprint through clean energy generation
- Energy prices are less volatile

■ **ATCO's solar solutions team will:**

- Guide and support you through all aspects of your solar project
- Help navigate complex regulatory and permitting processes
- Provide custom analysis and detailed data evaluation
- Meet safety code and regulatory requirements
- Supply, deliver, commission and maintain your system

WHY ATCO

Expert industry knowledge

- Expert engineers and technical support
- Decades of electrical experience
- Reliable service

ATCO's commitment to sustainability extends beyond the materials we choose; it's about how we solve challenges in a way that benefits our customers, as well as the environment and communities in which we work and live.

ONE COMPANY, INFINITE POSSIBILITIES

We serve more than two million customers around the world, delivering innovative, sustainable and integrated solutions in Structures & Logistics, Electricity, Pipelines & Liquids, and Retail Energy.

From the delivery of efficient and reliable energy for homes, businesses and communities, to affordable temporary and permanent structures, we build communities, energize industries and deliver customer-focused infrastructure solutions like no other company in the world – anytime, anywhere.
