

OPERATIONS AND MAINTENANCE

ATCO

OPERATIONS AND MAINTENANCE

Focus on your core business by entrusting us to safely and reliably operate and maintain your electric distribution, transmission and generation.

SERVICE RELIABILITY YOU CAN COUNT ON

Our expert operations and maintenance team builds safe, customized solutions that improve efficiency and minimize disruption.

Services include:

- Optimized planned maintenance programs
- Site assessments and vegetation management
- Service restoration and emergency response
- Power quality solutions
- Remote location access support

HOW OUR SOLUTIONS WORK FOR YOU

As your partner, we will develop operations and maintenance programs that are based on best practices, support tight budgets and meet specific reliability requirements.

With ATCO, you can:

- Customize any solution for your location and needs
- Leverage ATCO's real-time service operations capabilities
- Improve uptime and system reliability

WHY ATCO

We have global experience and comprehensive in-house expertise.

When you partner with ATCO, you leverage more than seven decades of experience and broad expertise in electricity system operations and maintenance. ATCO is a world-class transmission and distribution owner and operator with 105,000 km of reliable electric power lines, hundreds of substations and nearly 400 megawatts of generation capacity globally.

We keep the lights on.

As a major Canadian utility, ATCO has a responsibility for the safe and reliable delivery of electricity to hundreds of thousands of industrial customers and communities. We understand the importance of a strategic operations and maintenance plan to maximize the long-term life of electric system assets. We are committed to finding solutions that make good business sense for you.

ONE COMPANY, INFINITE POSSIBILITIES

With diverse products and services across many industries, we are a one-stop provider of integrated energy, housing, transportation and infrastructure solutions.

We provide customers with innovative, sustainable solutions in the sectors that are fundamental to global growth and prosperity: housing, real estate, energy, water, transportation and agriculture. From the delivery of efficient and reliable energy for homes, businesses and communities, to affordable temporary and permanent buildings, we build communities, energize industries and deliver customer-focused solutions like no other company in the world.
