

Form A – Micro-generation notice

If you have questions on how to fill in the form, refer to the micro-generation notice submission guideline posted on the AUC website under "Micro-generation" for detailed information.

Some small micro-generation projects may require utility engineering consultation.

Large micro-generation (greater than or equal to 150 kilowatts) project requirements:

- Utility engineering consultation required.
- · Stamped single-line diagram required.

| 4. Supporting documents required: | | | | | | | |
| Submit the following supporting documentation: | | | | | | | |
| a) electrical single-line diagram of the micro-generation | system | | | | | | |
| b) site plan or pictures to illustrate the micro-generation | site plan or pictures to illustrate the micro-generation unit location | | | | | | |
| c) equipment specification from manufacturer | c) equipment specification from manufacturer | | | | | | |
| d) applicable certification document(s) | | | | | | | |
| e) electrical permit | e) electrical permit | | | | | | |
| f) electrical inspection report (to be submitted after insta | | | | | | | |
| g) documentation verifying that the generator meets the specified in the Micro-Generation Regulation (combin | less than or equal to 418 kilograms per megawatt hour limit ed heat and power unit) | | | | | | |
| h) other supporting document(s), if any, please specify: | | | | | | | |
| Have you met all applicable municipal and zoning requiremen | ts, including noise rules and by-laws? Yes \(\text{\backsquare} \) No \(\text{\backsquare} \) | | | | | | |

| Please specify: | | | | | | | |
|---|------------------|-------|------|--|--|--|--|
| Have you completed the participant involvement program state | Yes 🗌 | No 🗌 | | | | | |
| Please specify: | | | | | | | |
| Have you met the requirements stated in AUC Rule 012 Noise | Control?* | Yes 🗌 | No 🗌 | | | | |
| Please specify: | | | | | | | |
| Have you met all applicable environmental requirements?* | | Yes 🗌 | No 🗌 | | | | |
| Please specify: | | | | | | | |
| Are you aware of any outstanding objections from any person | Yes 🗌 | No 🗌 | | | | | |
| Please specify: | Please specify: | | | | | | |
| Requested in-service date (YYYY-MM-DD) for connection: | | | | | | | |
| Micro-generation generating unit owner signature: | Submission date: | | | | | | |
| | | | | | | | |
| Consultant signature (if signing on behalf of the customer): | Submission date: | | | | | | |
| | | | | | | | |
| If signing on behalf of the customer, the utility may require a third party authorization to be signed by the customer. | | | | | | | |
| *The micro-generation customer must ensure that the criteria for an exemption from filing an application with the Commission as stated in Section 2 of Rule 007 are satisfied. | | | | | | | |
| To receive electricity generation credits, the micro-generation customer must notify its retailer or regulated rate provider once the notice is accepted by the owner or in the event that the Commission decides that a disputed unit is a micro-generation generating unit. | | | | | | | |
| | | | | | | | |
| | | | | | | | |

| 5. Electric distribution system wires owner use only: | | | | | |
|--|---|--|--|--|--|
| Owner's notice reference number: | Alberta Electric System Operator asset ID (if any): | | | | |
| Date the complete application was received (YYYY-MM-DD): | Interconnection line: | | | | |
| Accepted: Yes No Reason(s) for dispute: | | | | | |
| Interconnection agreement signed? Yes \(\square\) No \(\square\) | Not applicable | | | | |
| Meter type: Interval ☐ Cumulative ☐ | Substation number at time of interconnection: | | | | |
| Meter installed date (YYYY-MM-DD): | | | | | |
| Remarks: | | | | | |
